Location

London

Education

April 2025-May 2026

**SheCodes Software
Development Diploma**

May 2005-Sept 2008

**Bachelor Honours Fashion
Business**

London Metropolitan University

Skills

- Front End Development
- React.js
- Responsive Development
- API Integration
- Python (Programming Languages)

Tools

VS Code

Git Hub, NPM

Funmilayo Fagbemi

FRONT-END DEVELOPER

Junior Software Developer building responsive web applications and coding projects using JavaScript, React, and Python. Skilled in frontend development, API integration, responsive design, and structured problem-solving. Experienced in using GitHub workflows, deployment tools, and modern development practices through hands-on projects and bootcamp training. Creative, adaptable, and committed to continuous learning and real-world development experience.

Experience

TECHINICAL SKILL

Languages: JavaScript, Python

Frontend: React.js, Responsive Design, Bootstrap, API Integration

Programming: Object-Oriented Programming (OOP), Data Structures, Debugging, File Handling

Tools: Git, GitHub, VS Code, Figma, Hosting & Deployment

Additional: AI-assisted Development, Problem Solving, Collaboration

PROJECT EXPERIENCE

Frontend Web Applications

- Built responsive web applications using JavaScript and React.js
- Developed reusable UI components and responsive layouts
- Integrated third-party APIs to display real-time data
- Deployed and maintained projects using GitHub workflows

Python Development Projects

- Developed Python applications using data structures and OOP principles
- Built projects involving data manipulation, file handling, and data visualization
- Explored AI-focused programming concepts within project work

SELECTED PROJECTS

Weather Forecast Application | JavaScript, API Integration

- Built an interactive weather application displaying live API data
- Implemented dynamic updates based on user input

AI Quote Generator | JavaScript, AI Integration

- Developed a web app generating AI-based content
- Focused on asynchronous data handling and clean UI design

React Task Manager | React.js

- Created a component-based productivity application
- Implemented reusable components and state management

TECHNICAL TRAINING

SheCodes Bootcamp – Software Development Programme

Completed project-based training in:

- JavaScript, React.js, Python
- Responsive Design & API Integration
- Git, GitHub & Deployment
- Data Structures, OOP & AI Concepts

CORE STRENGTHS

Problem Solving | Adaptability | Attention to Detail | Team Collaboration | Communication | Continuous Learning
